Article 1 – Coverage And Recognition

Section 1. This Agreement shall apply to work performed by mason tenders, the tending of bricklayers, stonemasons and blocklayers.

Section 2. This Agreement shall apply within the California Counties hereinabove listed.

Section 3. The Union has requested recognition as the Section 9(a) representative of the employees performing Laborers’ work covered by this Agreement and has demonstrated or offered to demonstrate through authorization cards that it has the support of the majority of these employees. The Employer and each Individual Employer expressly acknowledge that they and each of them have satisfied themselves that the Union and/or each of its local affiliates represents a majority of the employees employed to perform Laborers’ work and agrees that the Union and/or each of its constituent Locals is the collective bargaining representative of such employees. The Employer on behalf of itself and each of its members and each Individual Employer specifically agrees that it and they are establishing or have established a collective bargaining relationship by this agreement within the meaning of Section 9(a) of the National Labor Relations Act of 1947, as amended. The Union is recognized as the sole and exclusive bargaining agent for itself, the Northern California District Council of Laborers and all of its affiliated Local Unions.

Any dispute concerning this section shall be resolved by a mutually agreed upon neutral Arbitrator pursuant to the procedures set forth in Section 9 (Grievance Procedure) of this Agreement, either during the term of this Agreement or anytime thereafter, whenever the issue is raised by either party. The Employer, on behalf of itself and each of its members and each Individual Employer, specifically agrees that the neutral Arbitrator may order (as the Arbitrator deems appropriate) the parties to bargain in good faith for any period following a written notice of termination of the Agreement unless and until a lawful impasse occurs or until a successor Agreement is negotiated.

Section 4. The Union hereby recognizes and acknowledges that the NCMCMBA includes in its membership individual employers who have designated the NCMCMBA as their bargaining representative and listed in this Agreement a majority of the employers in the masonry industry, and said employers are performing the greater percentage of the work therein. By reason of said facts, the Union hereby recognizes that the NCMCMBA, as hereinabove referred to, is the collective bargaining representative of all persons, partnerships, firms or corporations who designate the NCMCMBA as their bargaining representative or become signatory hereto with to the masonry industry in the territory subject to this Agreement.

Section 5. This Agreement shall cover all the following designated work within the jurisdiction of the Union.

The work covered by this Agreement shall include, but not limited to:

1. Handling and conveying all materials whether by hand, wheelbarrow, hand truck, or operation of any type of mechanical equipment such as mixers, pumps, fork lifts, tuskly-type automatic or semi-automatic hoists, etc. necessary to handle all materials used on the project, upon arrival at the job site or near the job site. All mechanical equipment replacing in whole or in part the work of the mason tenders shall be cleaned and operated by the mason tenders.

2. Mixing, preparing and tempering mortar and grout and mixing and preparing any other material that may be used as a substitute for mortar or grout, by hand or by hand or machine, except ready mix grout or mortar delivered to job site.

3. The building and handling of any and all trestles and scaffolding and planking and dismantling of all trestles and scaffolding inside and outside the structure regardless of the height of the scaffolding.

4. The cleaning of the site where masonry work is performed by the bricklayer and blocklayers of all debris caused by work of the same inside and outside the structure, and the depositing of the same in the place designated by the bricklayer or blocklayer foreman.
Section 6. The terms and provisions of this Agreement shall apply to any subcontractor under control of or working under contract with the Individual Employer upon work covered by this Agreement, and said subcontractor, with respect to such work, shall be or agrees to be an Individual Employer signatory to this Agreement. The Employer bound by this Agreement shall be responsible for compliance of all provisions of this Agreement by the subcontractor.

Section 7. This Agreement shall be binding upon the heirs, executors, administrators, successors, purchasers and assigns of the parties hereto.

Section 8. Any individual contractor performing work covered by this Agreement must be or shall agree to become signatory to this Agreement. The Union shall not grant one-job agreements to individual contractors.

Article II - Union Security

Section 1. Every person performing work covered by this Agreement, who is a member of the Union and in the employment of an employer on the effective date of this Agreement, shall as a condition of employment or continued employment, remain a member of the Union. Every other person, who may be employed, shall be required as a condition of employment, agree to pay the dues and initiation dues and initiation fee required by the Union after the seventh (7th) day following the effective date of this Agreement or following the commencement of such employment covered by this Agreement.

Section 2. Membership in the Union shall be available to any such person on the same terms and conditions as are applicable to other members of the Union. The provisions of this Article shall be enforced at all times in such a way as to not discriminate against any workman in any manner whatsoever whether it be by race, color, creed, sex or in any other manner.

Section 3. The employer may hire workmen from other sources as are necessary whenever the Local Union is unable to furnish experienced and qualified mason tenders. Workmen so employed shall comply with Section 1 of this Article and in the event they fail to comply, the Local Union may require the employer to terminate their employment which must be in writing and the Union shall hold the employer harmless from any and all liability for such discharge.

Article III - Hiring Hall Provisions

Section 1. The Union shall maintain open and non-discriminatory hiring halls for use of workmen desiring employment on work covered by this Agreement and such workmen shall be entitled to use such hiring halls. It is mutually agreed by the NCMCMB and the Union to fully comply with all the provisions of Title 7 of the Civil rights Act of 1964, Presidential Order No. 11246, and California Fair Employment Practices Section, to the end that no person shall, on the grounds of sex, race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination for not having full access to the contents of Article III of this Agreement. The Union shall retain full power to change the location of any hiring hall listed herein, to change the
daily dispatching hours listed herein, or to cause the merger, amalgamation or consolidation of any two or more hiring halls listed herein. The Union shall give notice, in writing, to the NCMC MBA whenever any such change, merger or amalgamation becomes effective. If the NCMC MBA desires a location of a hiring hall or daily dispatching hours other than as specified herein, notice of such desire shall be given to the Union, in writing, and the Union shall promptly enter negotiations with regard to such subject.

Section 2. Each person desiring employment shall register in the appropriate hiring hall by appearing personally and by indicating his or her name, address, telephone number, Social Security Number, qualifications and employment desired. Each person shall be listed numerically in the order in which he registers.

Section 3. The Employer shall contact the appropriate hiring hall of the Local Union having work and area jurisdiction for employees he or it may from time to time need, and the Union shall furnish to the Employer the required number of workmen of the classification needed by the Employer in accordance with the provisions of this Agreement. The parties recognize that some of the Employers covered by this Agreement operate in several of the jurisdictions of the six (6) Local Unions covered by this Agreement and have in their employ key mason tenders who were previously dispatched to the Employer in their local area and have been trained to operate the equipment of the Employer and are familiar with the Employer's operations. Therefore it is agreed that such key employees will have freedom of mobility within the geographical area covered by this Agreement. A "key employee" is defined as an employee who has worked for an Employer at least 45 days within the preceding 12 months. Therefore, it is agreed that such Employers will be permitted to employ two (2) of these key mason tenders in the jurisdiction of any Local Union covered by this Agreement, however, they shall, obtain the next two (2) mason tenders from the Local Dispatch Office of the Local Union in whose jurisdiction the project is located and maintain a ration of 50% key mason tenders and 50% mason tenders from the jurisdiction of the Local Union in whose jurisdiction the project is located for the duration of the project.

a. For the first five (5) days of employment, the Employer shall be permitted to employ on each project up to five (5) key employees and must comply with the 50% ratio as hereinabove provided on and after the sixth (6th) day of employment on all projects. This is to allow the Employer sufficient time to compile a crew of at least 50% or more mason tenders from the local area. This provision only applies to projects that exceed five (5) working days.

Section 4. When requesting or hiring Mason Tenders, the Employer shall submit job orders, indicating the number of employees desired, qualifications of each person desired, the location of the job, the reporting date and time and the representative of the Employer to be contacted on the job site.

Section 5. The appropriate hiring hall of the Union will furnish, in accordance with the request of the Employer, such workmen of the classifications needed from among those entered on said lists to the Employer by use of a written referral.

Section 6. When ordering or hiring workmen, the Employer will place his order and/or give notice to the appropriate hiring hall of the Union, if possible, not later than 2:30 p.m. on the day prior (Monday through Friday) or, in any event, not less than seventeen and one-half (17½) if possible, before the required reporting time. Mason Tenders not requested at least seventeen and one-half (17½) hours before their scheduled starting time, will be paid from the established starting time for the day requested, unless the request is specifically for a noon reporting time. In the event forty-eight (48) hours after such request (Saturdays, Sundays and recognized holidays excluded) the Union shall not furnish such workmen, the Employer may procure workmen from any other source or sources.

Section 7. Each person, upon being referred, shall receive a written referral to be transmitted to the Employer's representative at the job site indicating the name, address, Social Security Number, type of job, date of proposed employment and date and time of referral.

Section 8. Subject to the provisions of this Agreement, the Employer shall have complete freedom of selectivity in hiring and the Employer retains the right to reject any job applicant referred by the Union.
Section 9. Selection if applicants for referral to jobs pursuant to this Agreement shall be on a non-discriminatory basis and shall not be based on or in any way affected by union membership, by laws, rules, regulations, constitutional provisions or any other aspect or obligation of union membership, policies or requirements, provided that the provisions hereof shall not modify or qualify the requirements of Section 1 of Article II.

Section 10. The NCMCMB or any person aggrieved by the operation of the hiring arrangements or the provisions shall submit his grievance to the Joint Board created pursuant to ARTICLE XV of this Agreement, provided that such submission is made in writing stating the reasons for the grievance, within fifteen (15) working days after the occurrence of the grievance. The Joint Board shall have full power to adjust the grievance, and its decision thereon shall be final and binding upon the person submitting the grievance and all parties hereto. Forms for the submission of any such grievance shall be available at all times in the office of the Union and the office of NCMCMB.

Section 11. The date of postmark and/or date of delivery of the grievance, whichever is later, shall toll the running of the fifteen (15) day period.

Section 12. No employee shall be discharged without just cause. In the event of discharge without just cause, the employee shall, if he so desires, be reinstated with payment for time lost. In the event of a dispute, the existence of "just cause" shall be determined under the grievance procedure provided for in this Agreement under Article XV. In the event of reinstatement, the amount of back pay awarded under the Article XV hereof may not exceed thirty (30) days unless the grievant was employed for more than one thousand, five hundred (1,500) hours in the two (2) years preceding the date of discharge.

a. No employee shall be discharged or discriminated against for activity in or representation of the Union or any Local Union. The Local Union shall be the sole judge of the qualifications of its members.

b. The Employer shall be the sole judge of the qualifications of all its employees, and may on such grounds discharge any of them.

Article IV - No Cessation Of Work

Section 1. Employees reserve the right to refuse to pass picket lines recognized by the Building Trades Council, it being understood, however, that the Union is not in favor of sympathetic strikes and will do everything in its power to avoid causing any stoppage of work due to labor-management disputes.

Section 2. It is agreed and understood that the Union, Local Union, Union Representative, or steward on the job is prohibited from withdrawing any workmen employed by a Member of the NCMCMB or asking them to stop working on any job prior to a meeting of the Joint Board established by this Agreement and said Joint Board has found said Employer in violation of this Agreement.

Article V - Wages And Fringe Contributions

Section 1. The wage rate and fringe contributions for workmen covered by this Agreement shall be as follows within the California Counties of the Local Union listed. NO WORK SHALL BE LET OR PAID FOR BY PIECE WORK, CONTRACT OR LUMP SUM DIRECT WITH MASON TENDERS FOR LABOR SERVICES.

* For wages and fringes in San Francisco, Alameda, Contra Costa, and San Mateo counties, see the Hod Carrier Local 166 Masonry Agreement (2014-2019) and attached wage and fringe sheets.
Section 2.

a. *May be allocated at the Union’s discretion to wages and/or fringe benefits.

**Current “Target Wage Program” shall continue in effect during the term of this Agreement.

1 The one dollar ($1.00) total hourly increase effective July 1, 2015 shall be effective only on projects bid or advertised after the date that the ratification notice is received by the Employer from the Union that the new Agreement has been ratified by the Union. The 2014 wage and fringe rates shall remain in effect for the duration of current and existing projects. In no event shall these rates be frozen for more than twelve (12) months on any one project. Employers should notify the appropriate Local Union whenever utilizing this provision.

2 The parties agree that sufficient contributions will be made available from these increases to the Pension Fund to support any rehabilitation/funding improvement schedule adopted by the bargaining parties. Additional money required for such rehabilitation/funding improvement schedule, or other benefit plans, shall be reallocated from the existing wages and/or fringe benefits.

### Section 3.

It is agreed wage increases may be applied to any of the listed fringe contributions and in the event the contribution for the Vacation-Holiday, Dues Supplement, Health & Welfare, or Pension is changed during the term of this Agreement, a notice must be sent to the NCNCMBA at least sixty (60) days prior to the date said contribution rates are changed.

### Section 4.

Whenever Mason Tenders are working on refractory work where heat-protective clothing is required, they shall receive two dollars ($2.00) per hour above the current wage rate for every hour worked. The employer is to furnish all necessary protection clothing and heat fatigue aids.

### Section 5.

**APPRENTICE MASON TENDERS:** The wage rate, fringe contributions, hours of employment and other conditions for APPRENTICE MASON TENDERS shall be governed entirely by the terms and conditions
of this Agreement and the Apprenticeship Standards approved by the Division of Apprenticeship Standards of the State of California and are hereby incorporated by reference as a part of this Agreement.

Section 6. New applicants for membership, who cannot demonstrate a minimum of 4,000 hours of experience as a Brick Tender shall enter the Apprenticeship Program. If an applicant is designated a journey-level Brick Tender by a referring employer who states in writing that the applicant’s knowledge and experience warrants journey-level status, such employees shall be considered provisional journeymen and may retain that status so long as they are employed by the designating employer. Any provisional journey-level Brick Tender who is laid-off or otherwise discharged prior to working 4,000 hours may not be placed on a journey-level out of work list until assessed by the Apprenticeship Program.

The Individual Employer shall participate in the Brick Tender Apprenticeship Program by accepting apprentices for employment upon referral by the Union. The Employer shall employ one (1) apprentice after three (3) journey-level Brick Tenders on a project. On projects with fewer than three (3) journey-level Brick Tenders, an employer may employ one (1) apprentice per project with at least one (1) journey-level Brick Tender.

The Apprenticeship Standards approved by the Division of Apprenticeship Standards of the State of California are hereby incorporated by reference as part of this Agreement.

All apprentices shall be properly dispatched through the appropriate Local Union’s hiring hall. The employer must secure a dispatch from the appropriate Local Union for any apprentices employed by the Employer.

Entry into the Apprenticeship Program shall be controlled by the Joint Apprenticeship Training Committee (JATC), which shall employ appropriate screening procedures. An apprentice in good standing advances from one level to another only upon determination of satisfactory performance by the JATC, which shall have the authority to grant accelerated credit where warranted by the performance of an individual apprentice. The JATC may also grant credited hours to an apprentice who received work experience and/or training prior to entry into the Apprenticeship Program. The JATC will not unreasonably withhold entry and advancement in the Apprenticeship Program for provisional journeymen after their employment with a referring employer is terminated.

An apprentice should, whenever possible, be rotated by the Individual Employer through different types of work so as to become trained in a variety of operations and work skills. Where the Individual Employer is unable to provide an apprentice with experience in the full range of craft skills causing the apprentice to exceed the number of hours allotted to a given work process, the JATC may coordinate with the Local Union to reassign the apprentice to other employment in order to provide that experience. For so long as the Individual Employer is able to provide the necessary range of employment experience, the Employer may choose to retain the apprentice from job to job but shall notify the Local Union and JATC of all reassignments. An apprentice shall not work on the jobsite unless supervised by a journey-level Brick Tender.

The Employer shall release the apprentice to enroll in Related and Supplemental Instruction (RSI) when the apprentice is notified of mandatory training. An apprentice shall not be penalized for taking time off from work to receive RSI as required by the Apprenticeship Program. The Apprenticeship Program shall endeavor to notify the Individual Employer of any upcoming RSI requirements the apprentice must satisfy. The Program will assist the Employer in meeting its apprentice ratio requirements.

An apprentice who fails to maintain his/her apprenticeship status shall not be eligible for employment as a journey-level Brick Tender unless he/she successfully completes the Program after reinstatement by the JATC. Reinstatement is at the sole discretion of the JATC. If reinstatement is denied, an apprentice must reapply for entry into the Program after waiting one (1) year from the date he/she was terminated from the Program. The failure of any apprentice to maintain his/her apprenticeship status shall obligate the Individual Employer to discharge such person upon written notice from the Apprenticeship Program.
Apprentice wage and fringe benefit rates shall be:
